

noto is a bar shaped by the rhythm of european evenings — where time slows down, glasses clink, and conversations stretch long past sunset. we celebrate the art of the aperitivo: that golden hour between day and night when people gather for a drink, a bite, and a moment to unwind. from timeless cocktails to modern signatures, every drink at noto is crafted with care and a touch of character — balanced, refreshing, and meant to be shared. inspired by retro bars and neighborhood charm, we keep things simple, warm, and real — a familiar place to return to, again and again.
